

Welcome to our Newest Faculty

September 22, 2017

It has been a great start to the school year for us as a faculty. We are excited by the different ideas and programs which we are hoping to initiate over the next few months and years. What has been most exciting for me is observing how the experience and knowledge of our returning faculty melds so perfectly with the ideas and perspectives of our new faculty. It says a lot about the work we have done to create a school where ideas and innovations are valued as much as the respect for tradition. I look forward to sharing our work, and vision to create a learning environment that prioritizes creativity, innovative and informed thinking, practical problem-solving, communication and interpersonal skills that promote inclusive, peaceful existence.

SERVING THE LYME COMMUNITY
FOR OVER 100 YEARS

THE LYME SCHOOL Newsletter

LARA DWYER- NURSE

After four years of substituting in the Lyme School Nurse's Office, I'm thrilled to be working every Thursday and Friday this year. I have a Bachelor of Science in Nursing from St. Anselm College, and spent the first 12 years of my career working as a Registered Nurse in Intensive Care Units.

My husband Kevin and I are proud to have three kids in the Lyme School this year. I enjoy watching my kids play sports, cooking, traveling, hiking, skiing and spending time on the ocean whenever possible!
LDwyer@Lymeschool.org or nurse@LymeSchool.org to reach Lara and Rose.

TOM CHAPIN- LOWER SCHOOL GENERAL MUSIC

I am thrilled to be teaching music at the Lyme School! Having grown up just across the river in East Thetford, I have always had a fondness for the town of Lyme. I currently live in Bradford, Vermont, with my wife and two stepdaughters. In my free time I enjoy playing music, hiking, and being a stepdad.

I have a bachelor's degree in Spanish from Plymouth State University and I am currently completing my New Hampshire teaching certificate in Music. TChapin@Lymeschool.org

MARIA SQUIRE- MIDDLE SCHOOL MATHEMATICS AND CHORUS

I am overjoyed, and consider it a dream come true, to be teaching Middle School Math and Chorus at the Lyme School this year! When I'm not doing math, I love to spend time outdoors with my two kiddos Lola (3rd grade) and Mark (new to Kindergarten), run on trails with dear friends, compete in triathlons and half-marathons, and sing pretty much anytime, but especially as part of a band.

I have a Bachelors of Science in Applied Mathematics from Northwestern University, and a background in experiential education, program management and direction. MSquire@Lymeschool.org

ELISE FOXALL- ACADEMIC DIRECTOR

I am happy to be at the Lyme School after many years of working in international schools around the world and at the Richmond School in Hanover. My husband and I are enjoying our empty nest in Canaan now, though we love when our son and daughter come home to hike, bike, cook, and enjoy the outdoors with us.

I have bachelor's degrees in K-8 education and Spanish from Bloomsburg University and a master's degree in Reading and Writing from Plymouth State University. EFoxall@Lymeschool.org

DAMARIS TYLER- MIDDLE SCHOOL BAND

I am the new band instrument teacher (5-8) at Lyme School this year, and delighted to be here working with students who want to play instruments. I spent many years playing professional orchestra - in Michigan, Costa Rica, and Florida; and I have taught instrumental programs in many schools in Vermont, New Hampshire, and Florida. I came back to live in Vermont because nothing else compares, and I continue to teach private lessons on all instruments after school. Music is my main interest, in its many forms, but I love my two dogs and the Red Sox and the Celtics.

DTyler@Lymeschool.org

KELLY KUOLT- 5TH GRADE LANGUAGE ARTS AND SOCIAL STUDIES

I completed my Masters degree and teaching credential at Pepperdine University and my Bachelors degree at Gonzaga University. Most recently, I taught sixth grade for four years at Carlthorp School in Santa Monica, CA.

Outside of teaching, I love hiking, going to the beach, reading and attempting to cook, but my absolute favorite thing to do is travel the world. KKuolt@Lymeschool.org

STEPHANIE KOCUREK- MIDDLE SCHOOL SPECIAL EDUCATION TEACHER

I am so excited to be at The Lyme School after spending the past 11 years, across the river, at Thetford Academy serving students in the Learning Center and, prior to that, at Western Hills Elementary School in Fort Worth, Texas. My husband was extremely fortunate, after retiring from the USMC, to obtain a position at DHMC in Biomedical Engineering. This allowed our family to return to New Hampshire where I grew up. We have two daughters and a son and all three are currently living at home. In our spare time we love spending time with family, kayaking, fishing, and taking walks with our dogs.

I have bachelor's degrees in Business Administration and Management from University of Phoenix and a master's degree in Special Education from Grand Canyon University. SKocurek@LymeSchool.org

COME HELP CLEAN UP THE CONNECTICUT

Join the Annual Lyme School effort led by Mr. Dayno to clean up along the Grant Brook Trail, a tributary of the Connecticut, this Saturday at 9am. Meet at the Lyme School parking lot. Be sure to wear boots and if you have gloves bring them as well.

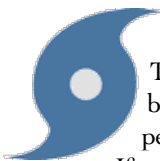

CIRCLE UP PRESENTS: "BEYOND MEASURE"

TUESDAY, OCTOBER 3 AT 7:00 P.M.
RICHMOND MIDDLE SCHOOL

Seats are limited, so please click on the link below to register.

<http://beyondmeasurefilm.com/circle-up/>

Lyme Hurricane Support Effort

For the thousands of people facing cleanup after the natural disasters in Texas, Mexico, the Caribbean, and Florida a bucket full of cleaning supplies and a bag of personal hygiene items would be a godsend.

If you would be willing to contribute to such a donation, the Lyme Congregational Church is a place to connect.

We are constructing Emergency Cleanup Buckets and Hygiene kits to be distributed by Church World Service. You can find a list of needed items for these kits @cwskits.org and click on the CWS Kits Home. You will also find a printable shopping list. Bring any or all of the items on the list and place them in a box in the kitchen of the LCC. ANY CONTRIBUTION IS WELCOME...anything from the list. The kits will be assembled on Sunday, October 15 at 1 pm. Thank you for your participation in this project.

Help the Lyme Foundation Create its Logo

The Lyme Foundation is looking for a new a logo for its website, letterhead, brochures and other print materials.

Do you have this skill set to help us out? To help us gauge your level of interest, please email Lisa to let her know you would like to work on this by October 1. Deadline to submit a sketch or digitized artwork to is November 1, 2017. Winner will be announced in December. Lisa Hayes: lfh@dartmouth.edu

A \$250 prize will be awarded for the winning logo, as well as credit in a news release, and by printed attribution when and where appropriate and possible.
